Workshops & Talks

Our Workshops & Talks

- 1 SLOW LOOKING
Exercise the mind while you visit.
- 2 FACEFILTER CREATION
Create unique AR filters.
- 3 AIMATART
Inspiration session about art.
- 4 TALKS
On topics of art, tech & music.

Slow Looking

————— The 3-hour Slow Looking Workshop (including museum visit) is an exercise to slow down the ways in which we look at the world around us.

————— **WHAT WILL
YOU GET UP TO?**

1. Introduction.
2. Museum exhibition visit – explore connection to the 10 large scale new media artworks in the current exhibition.
3. Workshop Slow Looking 6 steps at one specific installation in the current exhibition.

Facefilter Creation

During the 4-hour Facefilter Creation workshop (including museum visit) you will learn how to create your very own augmented reality filter with Lens Studio.

WHAT WILL YOU GET UP TO?

1. Introduction lecture on AR filters and masks used in social media, the arts, and various cultures, given by specialists in the field.
2. Museum exhibition visit – explore connection to the 10 large scale new media artworks in the current exhibition.
3. AR Filter creation workshop in “Lens Studio” (software).

AimAtArt

————— Take your organisation to the next level in one of AimAtArt's workshops at Nxt Museum. Get inspired by art and the ability of artists to refract perspectives and conceptually innovate.

There's two programmes to choose from:

- 1 Customised Change
- 2 Future Exploration
